WORKFORCE INNOVATION AND OPPORTUNITY ACT (WIOA)

The Workforce Innovation and Opportunity Act (WIOA), was signed into law on July 22, 2014. WIOA presents an extraordinary opportunity to improve job and career options for our nation's workers and jobseekers through an integrated, job-driven public workforce system that links diverse talent to businesses. It supports the development of strong, vibrant regional economies where businesses thrive and people want to live and work.

WIOA contributes to economic growth and business expansion by ensuring the workforce system is job-driven; matching employers with skilled individuals. The Career Pathways model will provide education, employment, and training assistance to accelerate job seekers' educational and career advancement. WIOA helps job seekers acquire industry-recognized credentials for in-demand jobs. Business services use effective strategies that meet employers' workforce needs, including incumbent worker training, on-the-job training, and customized training.

Orientations are scheduled weekly. Please inform the front desk of your interest in WIOA Services, or call (815)901-0177 ext. # 250 to schedule an appointment.
