

Jason Dickinson is the Director, Supply Chain Operations for 3M Corporation, a Global Supply Chain leader in the manufacturing of a diverse product portfolio that serves the Industrial, Safety & Graphics, Healthcare, Electronics & Energy and Consumer market segments. In this role Jason is responsible for leading distribution, transportation and trade compliance functions across 3M's vast global supply chains. Prior to his current role, Jason was responsible for transforming 3M's logistic functions across Europe, Canada, U.S. and parts of Asia as part of the Business Transformation efforts currently under way within the company. Jason has also held a variety of other positions within 3M including roles within multiple 3M manufacturing facilities as well as business groups. He has spent his entire career leading teams within 3M supply chain and has built a strong background balancing supply chain operation with strategy. Jason holds a degree in Supply Chain from the University of Wisconsin – Stout and enjoys spending time with his wife and two boys while doing anything in the outdoors.
