3M awards stethoscopes to KC nursing students

DAILY CHRONICLE

MALTA – Ten nursing students at Kishwaukee College were the recipients of Littmann stethoscopes from the Community Support Group at 3M. Jonathan Klaczek and Stephanie Whaley from the 3M Community Support Group were on campus Sept. 18 to award the stethoscopes to the students.

The nursing students who received Littmann stethoscopes are: Lanita Kelley, DeKalb; Jennifer Cordero, Cortland; Kayla Kley, Cortland; Laramie Whitis, Kirkland; Megan Doles, Kirkland; Holly Brickson, Genoa; Sofia Maciel, DeKalb; Elizabeth Leon, DeKalb; Kelly Heuser, Genoa; and Amanda Wendt, DeKalb.

The Community Support Group is the local arm of 3M that provides

charitable assistance and support. Although the national 3M Corp. provides recognizable support in a variety of ways, including scholarships to Kishwaukee College and other educational institutions across the country, the Community Support Group is designed to be community-specific by volunteering, assisting and donating in ways that are unique to the local community.

Since 2010, the 3M Community Support Group in DeKalb has been awarding Littmann stethoscopes to deserving Kishwaukee College nursing students each semester.

The Littmann stethoscope is manufactured by 3M and is considered the “Cadillac” of stethoscopes.
