

[July] [2021]

Help Shape the Future of Electric Vehicles/Equipment

ComEd, in partnership with DeKalb County Economic Development Corporation, is seeking to better understand your organization's environmental goals and your plans for electrification in the years to come. As a member of DCEDDC, your participation in this brief, 10-minute survey is important input for ComEd in evaluating the needs of members and their customers throughout northern Illinois. Your participation in this research is voluntary, and your organization does not need to have plans for electrification to be eligible to participate.

We understand that you are very busy. To complete this study online, please click on the link below or copy and paste the URL below into your internet browser:

<https://www.luceresearch.com/EVsurvey>
(The link is case sensitive and the "www" in the URL is required)

The survey will close on Friday, July 16, but we hope you take a few minutes today to respond. Answers will be shared with ComEd for research-related analysis and planning. ComEd may follow up to clarify any questions or if you are interested in learning more about this topic, however, all information will be treated as confidential.

If you have any questions about the purpose of the content of the survey, please contact Leigh Ann Mastrini at LeighAnn.Mastrini@exeloncorp.com. Thank you in advance for your time and participation.

Kind regards,

Paul Borek
Executive Director
